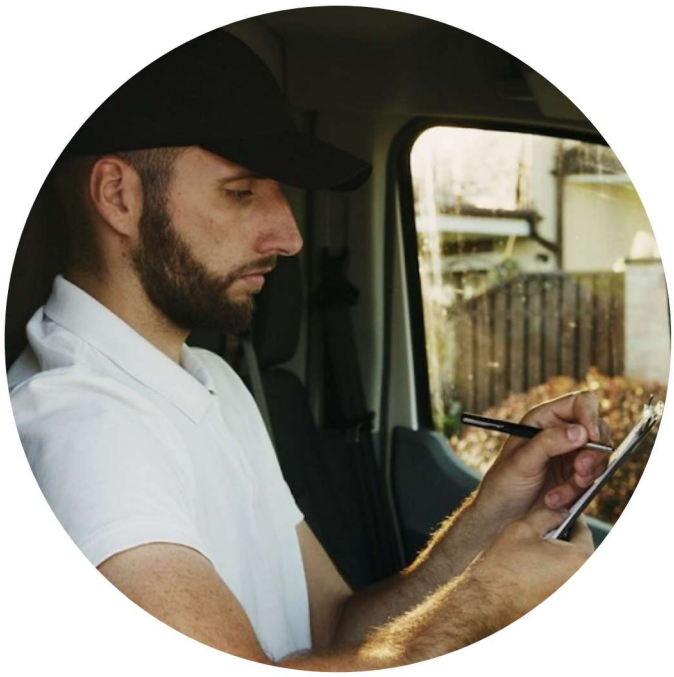
Note : At your request, aenten will conduct a full evaluation of your bookkeeper's work. If your Bookkeeper makes an error that requires you to re-open your books for any month, we'll correct the error in your books for the month that the error occurred at no additional charge.

We aren't responsible for errors resulting from incorrect information that you provide, or if you re-open the books by overriding closure after we or our team completes the month-end closure.

We Love To Work With.

We work with the help of market best software and sync up with your accounts to save time, improve accuracy, and keep your books up to date at all times.

What Customers Say ?



Outstanding experience since partnering with Aenten this year. Every conversation, planning session, guidance has been instrumental in jump starting our trucking company. Elia. has poured an immense amount of knowledge to our group - in one quarter she helped position us to be a 7-figure operation within the next 24 months. I recommend working with this company and Elia if able to request her!
